Here at Celebrity Cruises, we strive to provide our guests with the best experience onboard as well as in each port of call. Our comprehensive European "Easy" shore excursion program extends throughout our fleet and a wide array of European ports. These tours offer our wheelchair bound or limited mobility guest an opportunity to visit and view sites and venues well within the comfort of accessible transportation. Tours are conducted by a select group of guides and operators, handpicked to meet your highest standards.

Fill out the Easy Tour Order Form and complete the guest information section. Don't forget to provide us with any pertinent information that can assist us in choosing the right tour for you. Send us your email to shorexaccess@celebrity.com or fax your inquiry to **305.982.2547** no later than 10 business days prior to your cruise departure date.

A few things to keep in mind

- Easy tours are designed for full time wheelchair user guests or guests unable to walk or negotiate motor coach steps.
- These guests are given priority over any other due to the limited space on Easy tours.
- Guests with limited walking difficulties are encouraged to book one of our panoramic tours instead.
- Vehicles used may vary depending upon the port and availability. They may have a ramp or a lift.
- Full time wheelchair user guests are to be accompanied by an able bodied person at all times.
- Tour guide, tour driver and/or any Celebrity Cruises' staff is not allowed to lift or assist a guest in/out of a vehicle due to liability issues.
- Guests must be seated on wheelchair/scooter at all times to use ramp/lift.
- Before we book you, tour operators have to approve wheelchair/scooter weight and equipment dimensions.
- Orders will be processed on a first-come/first-served basis, per sail date.
- Please note not all destinations offer Easy tours.
- ADA regulations and guidelines do not apply outside of the United States, therefore, you might experience some differences with transportation, venue access, etc.
- Private Arrangements can be an option for those ports that don't offer Easy tours.
