

# Smooth sailing

with new  
AT&T Cruise Ship  
packages

Now when you take a cruise, you can get away from it all but still stay connected to important things back home. With new AT&T Cruise Ship packages, you'll enjoy discounted package rates while sailing aboard Royal Caribbean International®, Azamara Club Cruises® and select Celebrity Cruises® ships.

To add one of the packages below, call **+1.916.843.4685** (a free call from your wireless phone while onboard the ship).

Packages	Monthly Cost	Included Minutes	Message Allowance (Messages Sent)	Included Cellular Data
AT&T Cruise Ship Calling Package	\$30	50 Overage: \$1/min		
AT&T Cruise Ship Calling & Messaging Package	\$60	50 Overage: \$1/min	100 Overage: \$.50/message (text, picture, video)	
AT&T Cruise Ship Calling, Messaging & Data Package	\$120	50 Overage: \$1/min	100 Overage: \$.50/message (text, picture, video)	100 MB Overage: \$10/10 MB

**One-month minimum required.** This offer is limited to and rates apply only to Royal Caribbean International, Azamara Club Cruises and select Celebrity Cruises ships. See [att.com/cruiseships](http://att.com/cruiseships) for list of ships and details. If you remove the cruise ship package before your monthly bill cycle ends, the included monthly minutes allotment will be reduced proportionately. **"Cellular at Sea" Display:** On-ship networks operate only while in international waters. Therefore, your AT&T Cruise Ship package allowances and overage rates for usage on-ship only apply when "Cellular at Sea" displays on your device. Cruise Ship package allowances and overage rates also apply off-ship, but only to the extent you are attached to land-based cellular networks in Canada, Mexico and the Caribbean. See [att.com/cruiseships](http://att.com/cruiseships) for list of Caribbean islands. Everywhere else, **(including where "Cellular at Sea" is not displayed)**, pay-per-use rates apply, unless an additional current package offer applicable to country visited is active on the line of service. This offer is designed for use onboard cruise ships while at sea; therefore, usage onboard a cruise ship is required. The international data offer must be added to an existing domestic data plan. Messages received while roaming are billed at applicable domestic rates. This offer is available only through AT&T Customer Care and is not currently available in-store or online. To the extent you also purchased a Travel Minutes, Global Messaging or Data Global Add-On package for use when attached to land-based cellular networks in Canada, the Caribbean or Mexico, those rates will prevail over the Cruise Ship package allowance or overage rates. To the extent you continue to use expired calling offers such as World Traveler, AT&T Canada or AT&T Mexico, the Cruise Ship rates will prevail.

**International Roaming:** Compatible Device required. Your plan may include the capability to roam internationally. AT&T, in its sole discretion, may block your ability to use your Device while roaming internationally until eligibility criteria are met. International roaming rates, which vary by country, apply for all calls placed or received, all messages sent and all data used while outside the U.S., Puerto Rico and U.S.V.I. Availability, quality of coverage and services while roaming are not guaranteed. Many Devices, including iPhone, transmit and receive data messages without user intervention and can generate unexpected charges when powered "on" outside the U.S., Puerto Rico and U.S.V.I. Visual Voicemail messages are charged at international data pay-per-use rates unless customer has an international data plan/package, in which case receipt of Visual Voicemail messages decrement Kilobytes included in such plan/package. For rates and full details, see [att.com/global](http://att.com/global) and [att.com/wirelesslegal](http://att.com/wirelesslegal). ©2013 AT&T Intellectual Property. All rights reserved.
