

Glassblowing Cruises

with Guest Glass Artist

In collaboration with The Corning Museum of Glass, Celebrity presents "Guest Glass Artist" theme cruises, each featuring an artist and his or her work. Five of these cruises will be offered on Caribbean sailings on Celebrity EclipseSM and Celebrity Solstice[®]. You'll have a chance to attend a meet-and-greet cocktail reception with the guest artist, lectures and presentations about various glassblowing topics, live Hot Glass ShowSM glassblowing demonstrations, exclusive trunk shows and book signings featuring the guest artist's works. At the Hot Glass ShowSM demonstrations, you'll have the unique opportunity to interact with the featured artists as their creative process unfolds, transforming molten glass into stunning glass objects.

Here are the cruises that will feature Guest Glass Artists:
