

Modern LuXury is:

Experiencing the culture and history of some of Europe's most renowned regions.

In 2012, a Smithsonian Journeys speaker will present enrichment lectures on every Bermuda, Holy Land, Mediterranean, Panama Canal, Antarctica and Transatlantic cruise, for a total of 99 sailings.

Each speaker will immerse in various aspects of your upcoming ports of call. Sail to the Mediterranean and you'll hear Smithsonian historians, archeologists or art history experts focus on the art, architecture or history of the region.

During sailings to Bermuda, Smithsonian marine biologists, naturalists, astronomers or aviation historians will talk about "the mysteries of the sea and sky."

Panama Canal cruises may include presentations focused on marine biology, geology or anthropology of the tropics.

See the next page for a listing of cruises that will offer Smithsonian Journeys enrichment.
