# Hilo

## Hawaii

Located on the fertile coast of the Big Island and built around crescent-shaped Hilo Bay, Hilo boasts a wide variety of galleries, shops, and cultural sites. It's also historic, which is reflected in several notable museums like the Imiloa Astronomy Center. A visit to Liliuokalani Gardens affords excellent views of the bay and Moku Ola (Coconut Island). Make sure to stop by the Hilo Farmers Market for koa wood treasures and a taste of strawberry papaya, a local delicacy.

An ideal example of the pristine landscape of the Northwest Hawaiian Islands, Hilo's surrounding region is blessed with lush rainforests and many natural wonders. Spectacular waterfalls include Rainbow Falls in the south and Akaka Falls in the north. Hilo is also the portal to Hawaii Volcanoes National Park, home to two fabled volcanoes: Mauna Loa and Kilauea, sometimes called the world's only "drive-in" volcano.

## Top Tours

### 1) Sightseeing: Gourmet Volcano Adventure

Explore Kilauea Volcano in a unique way by taking the road less traveled with a small group of no more than 12 guests per departure. Entice your taste buds with 100 percent Hawaiian grown coffee, complimentary wine, and handmade chocolate treats created exclusively on this island. Enjoy the day with a small, intimate size group on this one-of-a-kind excursion.

### 2) Wilderness: Hawaii Tropical Botanical Garden & Hilo Coast

Hawaii Tropical Botanical Garden is acclaimed by visitors as the most beautiful area in Hawaii. Within this tropical rainforest, with its waterfalls, meandering streams, and rugged ocean coastline lies a vast array of tropical flowers, fruits, and plants from all over the world. A map of the garden will help you enjoy 1.5 hours exploring on your own.

### 3) Adventure: Kilauea Crater Adventure Hike

From black lava flows to rainforest and waterfalls, you'll take in the beauty of Hawaiian nature as you pass wild orchids, ferns and Kahili ginger plants. Visit a lava tube, discover volcanic formations, and hike out to a volcanic crater. Hike through rainforests and pass steaming fissures where lava once fountained hundreds of feet skyward. Drive along the Hamakua coast to one of Hawaii's most impressive waterfalls. Your approximate three-mile hike will be through a volcanic crater with uneven ground, and steep and rocky terrain. Sturdy shoes are required. When red lava is accessible, tour content and length of time to hike will change. Red molten lava will not be seen on this tour.
