Celebrity **X** Cruises®

MANAGER, RESTAURANT OPERATIONS

## Lorenzo Davidoiu

A native of Transylvania, Romania, Lorenzo Davidoiu began his decorated operations career with Celebrity Cruises. Beginning as an assistant waiter, Davidoiu's 15 years at sea led him to his current role as Manager of Restaurant Operations. He supervises Celebrity's impeccable dining experience, including crew training efforts as well as the design and development of Celebrity's unique restaurant concepts.

Davidoiu explored his passion for dining operations at the Calimanesti Tourism School in Romania. Breaking the family mold of military and medical professions, he pursued his dream to work in the service industry and joined Celebrity Cruises in 1997 on the SS Meridian.

From the age of 19, Davidoiu has held roles in all aspects of Celebrity's onboard restaurant operations. His uncanny attention to detail, from a dining venue's theme to a table arrangement's impeccable utensils, has allowed him to effectively open various onboard restaurant operations, including the Azamara Journey, Azamara Quest and Celebrity's iconic Solstice Class ships. He believes every intricate detail is imperative to offer guests the unmatched experiences they deserve.

Davidoiu's passion and dedication to service drive him to continue building on Celebrity's stellar onboard service and maintaining the culture of inspired hospitality.
